

Department of Corrections  
**ADMINISTRATIVE BULLETIN**

**Subject: PLACEMENT OF  
IDENTIFIED HIV-INFECTED  
INMATES IN WORK FURLOUGH**

**Number:**

**91/28**

**Date Issued:**

**September 9, 1991**

**Cancelled Effective:**

**December 6, 1991**

This Administrative Bulletin announces that effective immediately inmates identified as Human Immunodeficiency Virus (HIV) - infected in Groups II and III as defined by the Centers for Disease Control will not be excluded from placement in a work furlough facility solely on the basis of the disease.

These inmates will be eligible for placement in any work furlough facility based on acceptance by the appropriate parole region. Inmates meeting the criteria in Department Operations Manual (DOM) 83030.5 shall receive a medical evaluation to determine suitability for work furlough placement. Inmates who require only routine, ongoing medical monitoring and are within 120 days of parole may be placed in a work furlough facility.

Anyone who provides services to HIV+ inmates will be appropriately informed regarding the inmate's disease, pursuant to Administrative Bulletin 89/49 issued August 3, 1989.

Inmates in a work furlough facility who begin to require medication maintenance and/or advance to Group IV of the HIV+ disease will be transferred to the California Institution for Men if the work furlough facility is located in Regions III and IV and the California Medical Facility if it is located in Regions I and II. Transfers will be effected by the Parole Agent II or Work Furlough center Director contacting the appropriate Chief Medical Officer regarding the inmate's case and submitting a CDC Form 128G to a Classification Staff Representative for endorsement.

Please inform all concerned persons of the contents of this bulletin which shall remain in effect until incorporated into the appropriate section of the DOM. Please direct any inquiries regarding this bulletin to Nadim Khoury, M. D., Assistant Deputy Director, Health Care Services, at (916) 324-0876 or Robert Faulkner, Community Correctional Facility Administrator, Parole and Community Services Division, at (916) 327-1470.

R. H. DENNINGER  
Chief Deputy Director
